

Sculpting Chromatism

Hallucinatory perception of colored lights

Problem: CPA lobby isn't connecting with students or portraying what the building entails

Michael Budde

Outside Opinions

- "Students don't know their way around the building"
- "The seating needs to be changed to accommodate the students"
- "Signs look very tacky"
- "Flow of traffic sucks"
- "Needs more purpose"

New Sign

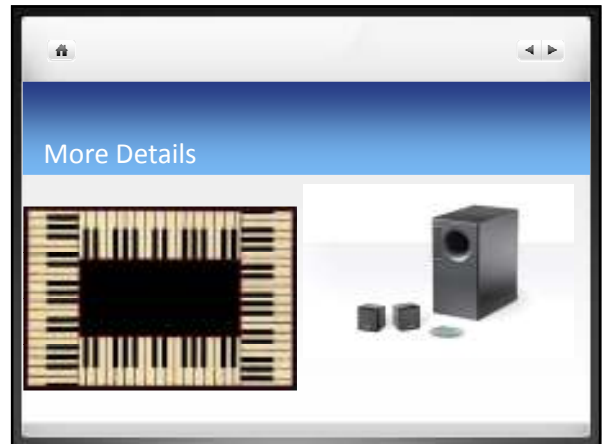

Light Prism

- Natural Light creates natural colors
- Colors will be spanned in a line across the lobby floor
- As the sun moves through the sky, the colored line will continually move
- Bringing nature inside
