

A Play On Color and Light

Carly Swindell

CPA Final Pitch

Objectives:

Open up and revitalize central space

Create an inviting environment for students to sit and relax

Express the artistic nature of the space

Essential Elements:

Modular Seating

Create a more natural flow and allow personal interaction between students and the central space

New Carpet

Carpet tiles are a feasible and exciting way to break up a plane and create an interesting design aesthetic

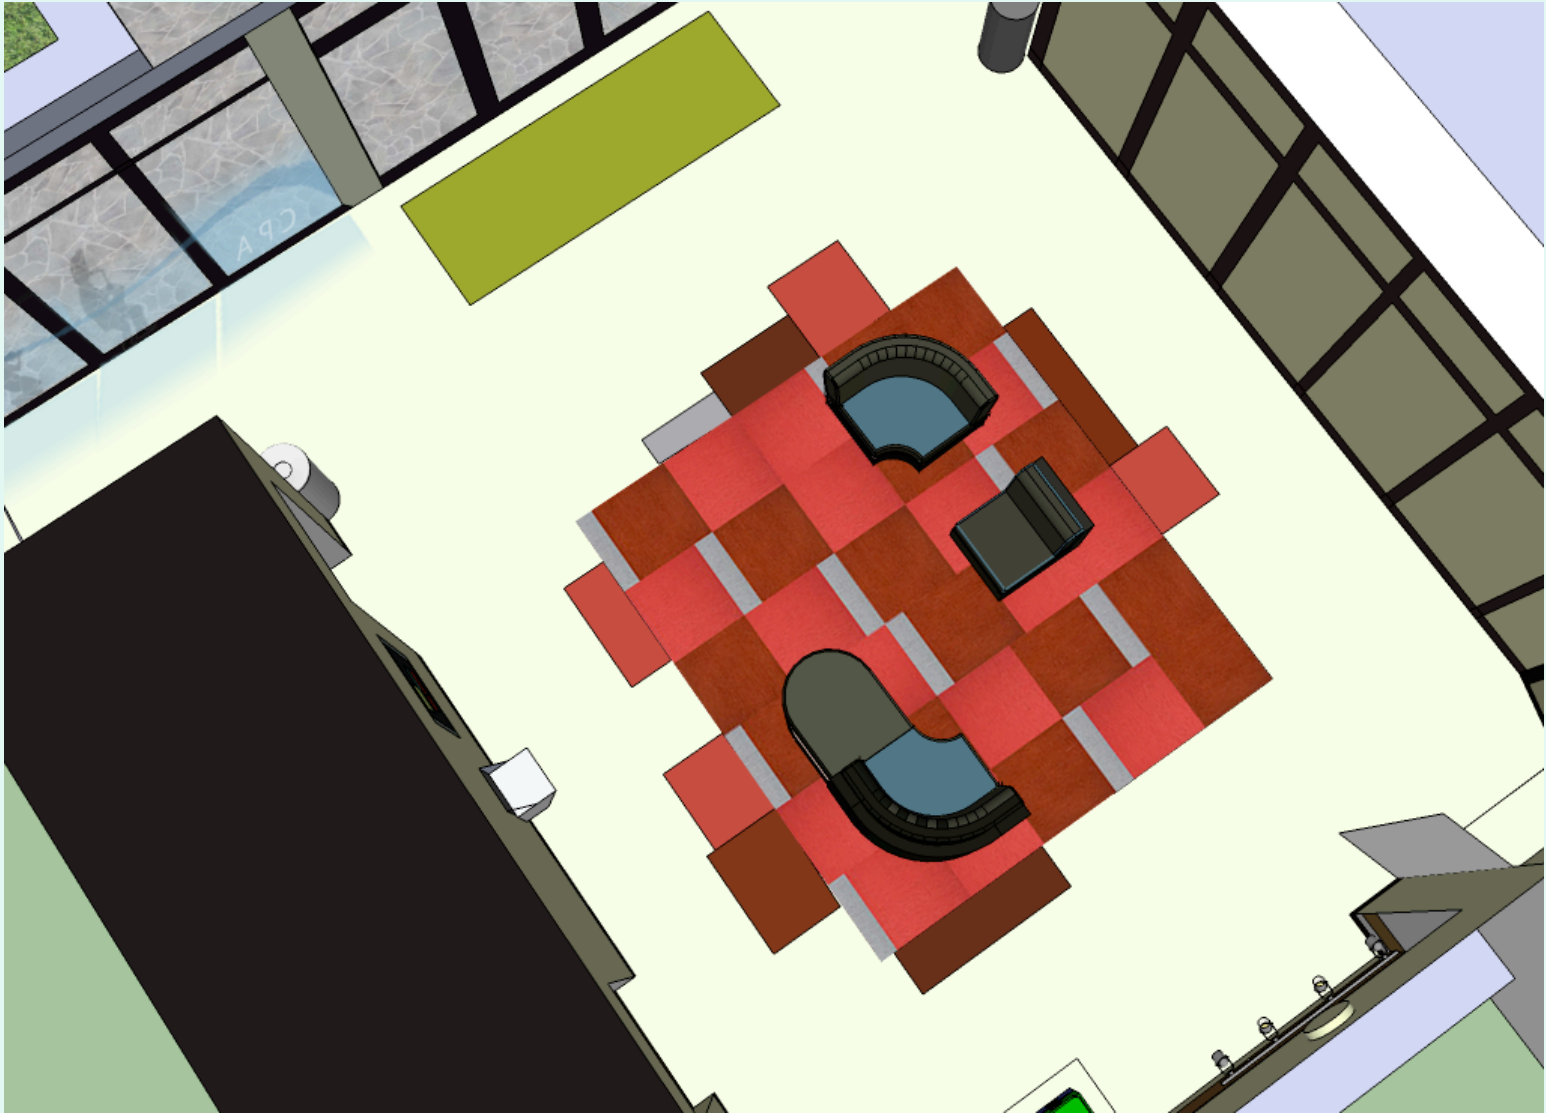

- FLOR carpet tiles - Return and Reycle

Window Tints

Transparent window films and customized motifs allow the natural lights from the glass windows to illuminate shape and color and bridge inside and outside space.

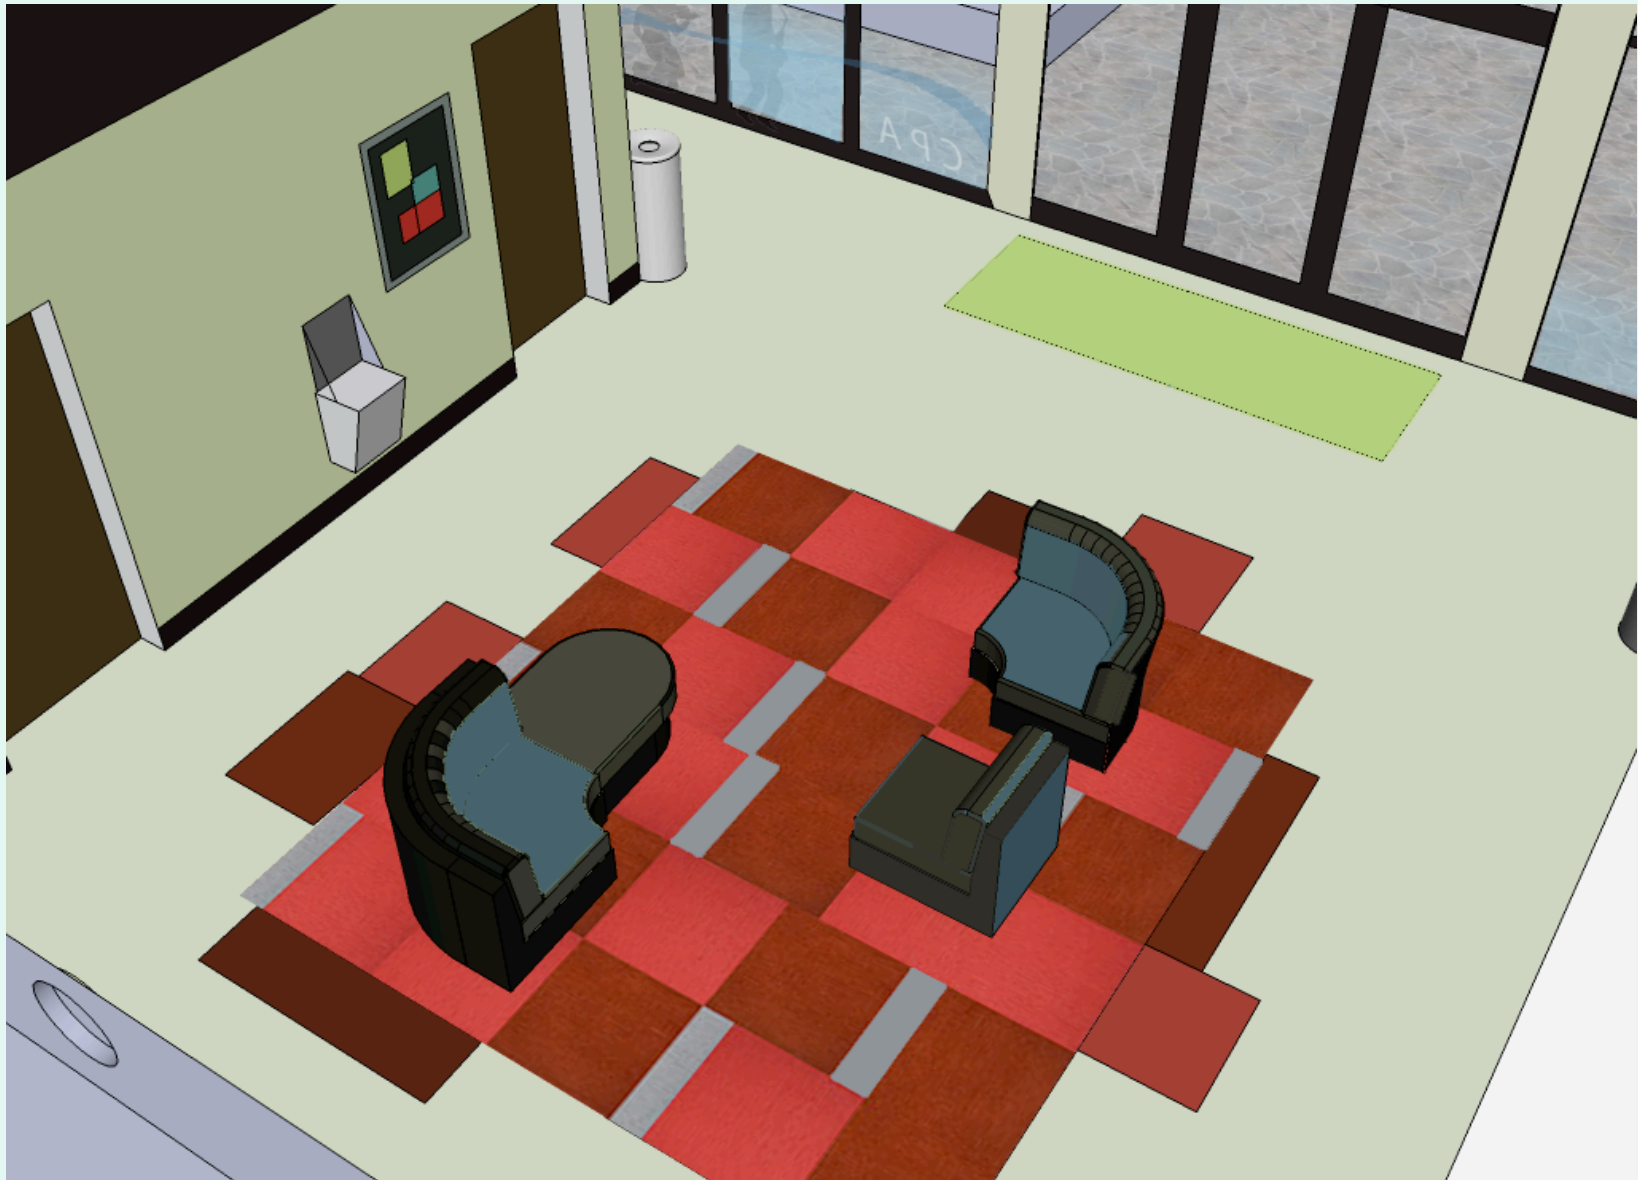

LCD Screen

Display recent shows, plays, music performances, photos, news, etc.

View One

Modular Seating, Carpet Tiles, Decorative Windows Films

Alternate furniture design Scheme

LCD screen displays Images and Videos. Interactive with viewer's touch.

Possible window design.

Decorative tints and stylized motifs of musicians, actors, artists, etc.

Transparency allows light to project and reflect color inside.
